Saturday Lunch on your own in TMA Expo Hall

1:30 – 2:30 pm
TMA Closing General Session: The Future of Health Care
Ethics/Professional Responsibility
TARGET AUDIENCE
Physicians, residents, and other health care professionals practicing in the area of ophthalmology.

CONTINUING MEDICAL EDUCATION
The Texas Medical Association is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

The Texas Medical Association designates this live activity for a maximum of 10 AMA PRA Category 1 Credits™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

This course has been designated by TMA for 4 credits in medical ethics and/or professional responsibility.

REGISTRATION
Our meeting is held in conjunction with the Texas Medical Association’s TexMed Conference. Registration is done through the TMA website at www.texmed.org/texmed. If you are a TMA member, please register online. If you are not a TMA member, email Rachael Reed at exec@texaseyes.org and she will register you for the meeting (no registration fee).

RISK MANAGEMENT DISCOUNTS
Physicians insured with Ophthalmic Mutual Insurance Company (OMIC) or Texas Medical Liability Trust (TMLT) may earn professional liability insurance discounts by participating in approved continuing education activities as follows:

OMIC: OMIC insureds who are also current members of the TOA can earn a maximum 10% risk management premium discount by participating in the live cosponsored program “OMIC: Lessons Learned from Cataract Surgery” on Friday, April 29.

OMIC insureds who are not current TOA members earn a 5% discount.

TMLT: Physicians who are insured with Texas Medical Liability Trust may earn a 3% discount for completion of BOTH (2 hours total) presentations program “OMIC: Lessons Learned from Cataract Surgery” and “TMLT: Avoiding the Risk of Wrongful Employment Practices: Preventing Discrimination & Harassment” from 1:15 – 3:15 pm on Friday, April 29. This discount will be applied to the physician’s next eligible policy period.

Questions: If you have any questions about the conference, contact Rachael Reed exec@TexasEyes.org or 512-370-1504.

HOUSING AND TRAVEL
TexMed 2022 will take place at the Hilton-Americas Houston. www.texmed.org/TexMedHousing/ to book online. Room block cutoff date: April 8 (ask for the TMA room rate).

HILTON-AMERICAS HOUSTON
1600 Lamar St.
Houston, TX 77010

Group Room Rate: $242 per night, plus applicable taxes

Questions? TOA@TexasEyes.org | (512) 370-1504 | www.TexasEyes.org

OBJECTIVES
FRIDAY, April 29, 2022 – Upon completion of this program, participants should be able to:

• Contrast current surgical methods with new techniques on the horizon; Explain how new lens may enhance surgical outcomes.

• Describe methods by which gene therapy can aid in the treatment of diseases now and in the future.

• Explain the potential relationship between intracranial pressure and glaucoma; Describe the correlation between bony changes and altered intracranial pressure; Recognize enophthalmos as a consequence of over shunting of cerebrospinal fluid pressure.

• Manage patients with uveal melanoma with precision medicine; Explain the range of therapeutic options for retinoblastoma and their optimal uses.

• Identify patient safety risks as they pertain to cataract surgery; List risk management recommendations on how to mitigate those risks; Reduce liability exposure.

• Define workplace violence; Discuss legal duties and rights of employers and employees; Develop workplace violence policies

SATURDAY, April 30, 2022 – Upon completion of this program, participants should be able to:

• Describe difficulties in TRD repair prognostication; Quantify predictors of improved prognosis with TRD repair; Discuss confounding variables such as presence of vitreous hemorrhage.

• Discern the varied and non-specific ways that eyelid metastases can present; Outline the multidisciplinary approach among specialists that must occur to best manage eyelid metastases.

• List the visual outcomes observed in patients with severe vision loss due to submacular hemorrhage in the setting of wet AMD; Compare vision recoveries within a cohort of patients who received anti-VEGF monotherapy versus those who received more aggressive interventions.

• Examine a patient presenting with progressive weakness and bilateral blurry vision relating to complications of acute myeloid leukemia who was diagnosed with bilateral central retinal vein occlusion; Explain the diagnostic process and treatment of this exceptional case.

• Describe the relationship between the horizontal and vertical dimensions of the face on the ptotic and non-ptotic side of the face in patients with unilateral congenital ptosis.

• List new drugs that may improve management of locally advanced or metastatic cancers of the eyelid, orbit, and ocular adnexa.

• Describe emerging medications for the treatment of thyroid eye disease; Discuss alternatives to surgery.
The Texas Ophthalmological Association Foundation would like to thank its contributors for their generous support:

The John Henry & Anna Marie Fish Memorial Fund
Dr. & Mrs. Gary Edd Fish, MD
Dr. & Mrs. John Ronald Fish, MD
Dr. & Mrs. Kenton Henry Fish, MD

The Eyecare Consortium of Texas Scientific Education Fund

…and many other TOA members who have contributed to the TOAF.

Thank you to the TOA Education Committee:

Jacob Moore, MD,
TOA President-Elect, Program Chair

Lindsey D. Harris, MD,
TOA President

James P. McCulley, MD,
FRCOphth(UK), FACS

Christina Weng, MD,
Houston

Thank you to those who have completed their terms on the Executive Council:

Charlotte Akor, MD, Corpus Christi
Ann Ranelle, DO, Fort Worth
