September 9, 2025

This year, we celebrate a name change for our organization: Texas Ophthalmological Association is now Texas Society of Eye Physicians and Surgeons (TSEPS). The membership made this change so that the public will better understand what our members do and how they are trained.

On behalf of TSEPS, I would like to request a commercial exhibit sponsorship in the amount of \$2,800 to support the 2026 Annual Meeting. The program will be held March 27-28, 2026, on the University of Austin Dell Medical School Campus, at 1601 Trinity St, Austin, Texas.

Your exhibit will help us provide continuing medical education to over 125 ophthalmologists on topics including cataract, glaucoma, retina, emerging trends, trauma, risk management, and research papers from our best and brightest ophthalmology residents.

Exhibitors in attendance will have access to the physicians during breakfast, lunch, coffee breaks, and the president's reception. This conference will provide 7 hours of *AMA PRA Category 1 Credits*[™] for the ophthalmologists in attendance, including an hour of ethics, as required for licensure in Texas. Exhibiting companies will be listed on program materials, signage, and in the newsletters leading up to the meeting and afterwards.

Texas Society of Eye Physicians and Surgeons is a professional association composed of over 800 ophthalmologists and ophthalmology residents in the state. Its purpose is to promote and advance the science and surgical arts of medicine pertaining to the eye.

Intent: TSEPS and exhibiting companies agree that the CME activity will be independent, objective, balanced, and scientifically rigorous, so that it will not be viewed as promotional, and the listed company will not be viewed as responsible for its content. TSEPS will take all necessary steps to ensure that this objective is reached. TSEPS and the listed companies agree to abide by the requirements of the TSEPS and ACCME Standards of Commercial Support. Educational program jointly provided by the Texas Medical Association and the Texas Society of Eye Physicians and Surgeons.

If this meets with your approval, at your earliest convenience, please forward the check for \$2,800 made payable to the Texas Society of Eye Physicians and Surgeons (this is a new address):
