

# Texas' Early Eye Drop Refill Law

Thanks to a 2017 law, Texas requires most health benefit plans to cover early eye drop refills. This is sometimes needed due to spillage. A 30-day supply can be refilled as soon as the 21<sup>st</sup> day; a 60-day supply can be refilled as soon as the 42<sup>nd</sup> day; a 90-day supply can be refilled as soon as the 63<sup>rd</sup> day.

Your pharmacist should already be familiar with Texas Insurance Code “1369.0041. Certain Payments and Refills. ”

Call the Texas Department of Insurance Consumer Line at 800-252-3439 for more information.
